Dear _____,

I hope you are doing well! My name is Mariyanthie Linaris, and I am a physician assistant student from CUNY York College set to graduate in January 2020. You may remember me from when I rotated through Queens Hospital Center's Comprehensive Psychiatric Emergency Program (CPEP) as part of my four-week psychiatry rotation during July and August of this year. At this time, I am interested in applying for the physician assistant position available in CPEP.

Having completed my psychiatry rotation in your institution, I am familiar with the pace and environment of CPEP and thoroughly enjoyed the experience. Not only was I able to learn from you and the rest of the providers in the unit during those four weeks, but I was also able to develop my psychiatric interview skills, learn to properly write patient evaluation notes, and garner a deeper understanding for the care of the patient in the psychiatric emergency setting. I found myself agreeable with the flow and demand of the unit and very quickly became comfortable in this environment. Further, I appreciated the collaboration among the team and felt that I got along well with staff in the unit.

I have been interested in psychiatry since before starting my physician assistant education, and my research background and rotation experience have only rooted this more deeply in me. I believe that these experiences paired with my passion and motivation in this specialty have primed me to serve as an efficient and effective CPEP provider. Attached is my enclosed CV that can provide a better understanding of the experiences I have completed thus far.

I look forward to the opportunity to become part of the CPEP team at Queens Hospital center and invite you to review my qualifications at your earliest convenience. I trust that we will be able to schedule a time soon to discuss this matter further. Please do not hesitate to contact me by phone at _____ or by e-mail at _____. Thank you for your attention in this matter!

Sincerely,

Mariyanthie Linaris
